When: **March 19, 2014, Wednesday**
 5:45 PM – 6:15 PM Social time/Dinner
 6:15 PM Start of Presentation

Where: **Kentucky Engineering Center**

Topic: **“Design Guidelines for Aggregate Piers – An Engineer’s Guide”**

Speaker: **Mike Marasa, PE**

Mike Marasa will present a presentation entitled “Design Guidelines for Aggregate Piers – An Engineer’s Guide”. This technical topic will address the design of aggregate piers, rules of thumb for performance, guidelines for their use and options when aggregate piers are not appropriate. Several case studies will be presented.

Mr. Marasa, PE, is a senior engineer with Hayward Baker. A graduate of the University of Louisville in geotechnical engineering. Mr. Marasa has been a geotechnical consultant for over 30 years. During his 9 years with Hayward Baker, Mr. Marasa spends most of his time assisting engineers and contractors in proper applications and use of geotechnical construction techniques.
