When: April 16, 2014, Wednesday
5:45 PM – 6:15 PM Social time/Dinner
6:15 PM Start of Presentation

Where: Kentucky Engineering Center

Topic: “Electrical Resistivity from a Geohazards and Engineering Geology Perspective”

Speaker: Matthew Crawford

Matthew Crawford will present a presentation entitled “Electrical Resistivity from a Geohazards and Engineering Geology Perspective”. Mr. Crawford is a current PhD candidate in geology at the University of Kentucky. His primary focus includes landslides, earthquake hazards, and engineering geology applications.

Mr. Crawford has been with the Kentucky Geological Survey for 12 years, currently staffed in the Geologic Hazards Section. Additionally, he is a graduate from Hanover College with B.A in Geology and Eastern Kentucky University with M.S. in Geology.
