5:30 PM – 6:00 PM: Dinner, Announcements, Speaker Introduction

6:00 PM – 6:30 PM: Presentation and Questions

6:30 PM: Adjourn

Where: Kentucky Engineering Center
160 Democrat Dr.
Frankfort, KY 40601

Speaker: Jay Mazzoni, P.E.

Topic: "Geotechnical Paradise – New Orleans and the Permanent Canal Closures and Pumps Project"

Speaker Bio: Jay Mazzoni is a Senior Principal with international consulting engineering firm Stantec Consulting Services, Inc. Throughout his 35-year career, Mr. Mazzoni has a successful record of progressively more responsible technical, project management and business management positions in consulting engineering firms. His technical specialty is geotechnical engineering and he has practiced in diverse geologic settings in Kentucky, Indiana, Louisiana, South Carolina, North Carolina, and Georgia. Most recently he served as Geotechnical Discipline Lead for a \$ 700-million pump stations project in New Orleans – one of the final post-Katrina hurricane protection efforts in the city.

Mr. Mazzoni is active in community groups in his hometown of Louisville. He has served as Chairman of the Jeffersontown Chamber of Commerce and Chair of events for October's "Week in the Highlands" in his neighborhood. His professional and technical activities have included serving on the Speed School of Engineering Alumni Council, Chairman of the KSPE Discover "E" program, visiting local elementary schools as part of NSPE's Engineering Week activities, and judging local science fairs.

Mr. Mazzoni graduated from the University of Louisville Speed School of Engineering with Bachelors of Science and Masters of Engineering degrees.

Announcements:

- *Next three proposed meetings:*
 - January 19, 2016 (Thursday)
 - April 20, 2017 (Thursday)
 - July 13, 2017 (Thursday)
- We need to establish a committee to explore and implement use of funds to positively impact and advance profession.
