## Kentucky Geotechnical Engineering Group Meeting Minutes

### Location/Date/Time:

July 20, 2017 / 5:15 p.m. – 6:30 p.m. (EST)

### Purpose:

The purpose of these meeting minutes is to provide an overview of the discussions, resolutions, and action items that occurred during the referenced meeting.

### Attendees:

See attached sign-in sheet.

### Meeting Highlights:

#### Introductions

A sign-in sheet with detailed attendee information is included with these meeting minutes.

#### Announcements

B. Smiley provided a quarterly treasurer's update.

#### Speakers:

Call for new speakers for upcoming meetings was made to the group.

#### Website:

The website will be updated with a summary of meeting minutes and attendees.

#### Next three proposed meetings:

- October 19, 2017 (Thursday)
- January 25, 2018 (Thursday)
- April 19, 2018 (Thursday)

#### ORVSS:

ORVSS is being organized out of Cincinnati this year.

#### KGEG Positive Impact Committee

Short Course Coordination – Rob Folsom is preparing a seismic course with the help of Dr. Tom Rockaway and Dr. Mike Kalinski; possibly at the end of this year or early next. Potential conflict with an ASCE seismic seminar in October, and ORVSS in November. Will seek to avoid those conflicts.

The group brainstormed other ways to positively impact the profession.

### **Joining the National Geo-Institute**

The possibility for KEGG to join the Geo-Institute of ASCE is still an option. B. Webster will look into the requirements/benefits of joining.

### **Presentation**

Troy S. O'Neal, Ph.D., P.E. presented on "Summary of Regional Dam Safety Risk Assessment Activities and Mega-Project Construction for Projects within the Great Lakes and Ohio River Division – 2017."

### **Actions / Follow Up:**

1. B. Webster to look into the requirements/benefits of KEGG joining the Geo-Institute of ASCE.
2. R. Folsom to continue coordination with KEGG Officership and planning of the seismic short course for members.

The foregoing is considered to be a true and accurate record of items discussed. If any discrepancies or inconsistencies are noted please contact John Conway at [john.conway@vectorky.com](mailto:john.conway@vectorky.com)
